62112 1915/16

"THE" WILLIAMS PECAN.

A new and most promising variety. Tree commenced bearing in 1911 with a crop of 40 nuts averaging 49 to the pound. Subsequent crops have been as follows:

1912—160 nuts 40 to the pound.

1914—395 nuts 43 to the pound.

1914—1584 nuts 36 to the pound.

In a grove this variety has proved more productive than Success, Stuart, VanDeman, Bolton, Pabst, Frottscher, or Jerome; and has been equaled only by Money-maker.

A paper shell variety that fills well.

While surrounded by other varieties which have show considerable disease, particularly scab, it has shown only slight susceptibility to these diseases.

Not as susceptible to the case bearer as most other varieties such as Stuart, Frottscher, Nelson and Pabst.

Specimen nuts mailed for 25c.

250 trees for sale at from \$1.50 to \$2.50 each. Buds in season \$2.50 per hundred.

Blackburn Co.

Dec 17 1905

Mr E. B. Lake,

Dear Sir:

I enclose Card
and propose to - If it were
in my power to you.

I have seen or eight hundred
trees only in nursery of this
county and do not try or want
other trees. It is simply a new
variety and may or may not
amount to anything.

Yours Truly

W. D. Wilcox
